TRAVELING SOME.

Since the stores begun to close at six o'clock the boys in Rosenberg's have been getting ready to take a trip. While all the other boys in town were out "sparking" around with the good looking girls, these boys were around at their boarding house, Miss Maggie Brooks', putting her car in good shape for the big trip. Last week the car seemed to be just right and last Saturday night the trip was begun. In the car was Col. Henry Wilson, Maj. Arthur Rosenberg, James Cox, who is tall enough and handsome enough to be a General, Bayard Swetenberg, who is enough of a German to command a submarine, and Lowry Wilson, who is a pretty boy and a favorite with everybody.

The trip begun after the stores closed Saturday night and Augusta was the ultimate destination. The young men selected Sunday for the trip because the many gilded places of amusement and refreshment in the wicked city would be closed and the day could be spent in peace and quiet.

Maj. Rosenberg was running the car and all went well for a short distance, then things begun to liven up, such things as two punctures at one time and seven blow-outs, giving the trip the essence of an automobile trip. After this it became hard to keep the road, there apparently being two roads where there should have been but one. This necessitated the asking of the way quite often and James Cox was selected for this job. The first stop brought the man of the house to the door in his sleeping garments and with a big double barrel shot gun in his hands, and after this reception James always left his overcoat in the car so that he could run the faster.

The young men report a pleasant time in the city, though Henry Wilson says he only remembers of spending fifteen cents, but he came home fifteen dollars short.

Arthur Rosenberg reports getting in at "twelve thirty Sunday night," James tells the story of coming in at "two thirty," Henry Wilson acknowledges to getting here "just a little before day," while Lowry Wilson says that he got home "in time to open up the store." As all were in the same car we will leave it to some Philadelphia lawyer to say exactly just what time they did get home.

The boys in the store say that Lowry was in a "peevish humor" all day Monday. All acknowledge the kindness in Mr. Sol Rosenberg in letting them off for the trip. They went after the store closed Saturday night and were told to be back in time to open up Monday morning bright and early.

When we were growing up if we ever went anywhere we had to go on the old cannon ball over the Southern, which took all day to get

from Abbeville to Hodges. When we passed the "big trestle" the old cars settled down to a steady pace which made them talk and their tune was always "black and dusty, going to 'Gusty.'" A Ford has a different tune but is undoubtedly both black and dusty going and coming on a Saturday and a Sunday night.

MEETING FAIR DIRECTORS.

There will be a meeting of the directors of the Abbeville county Fair Association in the office of the city council next Friday night, April 21, at 8.30.

A DERTH OF DOCTORS.

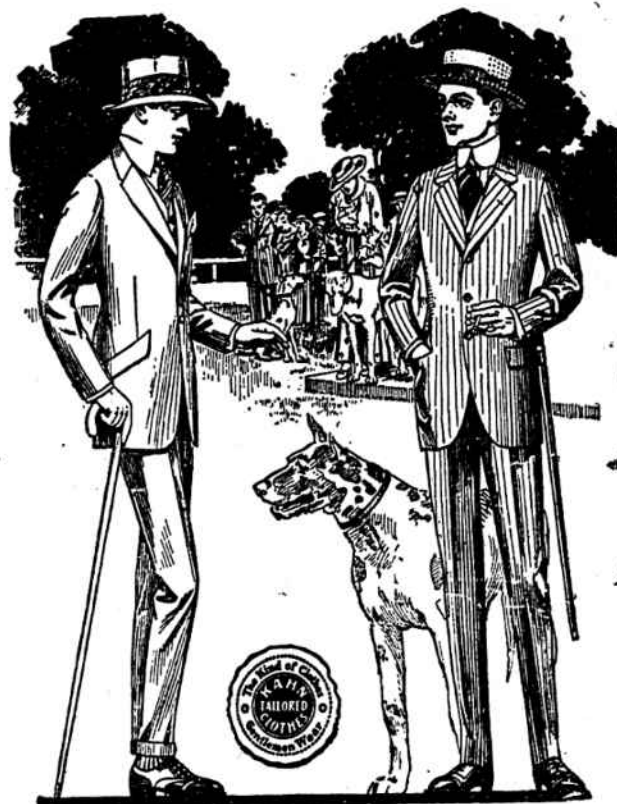

Last Monday there was a dertth of doctors in Abbeville for a while and the drug stores were kept busy giving an account of their whereabouts. Dr. Neuffer and Dr. Gambrell were in Charleston in attendance on the meeting of the Medical Association, Dr. Hill was in Atlanta getting himself cut all to pieces and his father was over looking after the job. There was a shooting scrape just out of town which kept Dr. Pressly and Dr. Power busy most of the morning, so that people having small ailments, such as headaches, had to wait a while.
